TASTING NOTES

- Colour:** Deep ruby red.
- Aroma:** Floral red cherry and raspberry aromas mixed with Asian spices and tar.
- Taste:** Rich, dense and multilayered, offering suave flavours of red cherry and sweet spices, all brought nicely into focus by harmonious acidity.
- Food:** Red meat, particularly lamb, but this also makes a perfect conversation wine.

AWARDS & ACCOLADES

2015 ~ 94 Points. "Medium red-ruby. A knockout nose showcases aromas of redberries, flint, earth, leather and wild herbs. Then silky in the mouth, with a crushed-stone minerality providing structure to the ripe raspberry, licorice and earth flavors. Juicy, sappy and edge-free, this dense, multilayered wine boasts an extremely long, refined finish." - Antonio Galloni's Vinous, Feb/2020

2013 ~ 96 Points. "The top shelf wine in the Paternoster portfolio is the 2013 Aglianico del Vulture Don Anselmo. This very attractive and elegant vintage reveals a beautiful bouquet with extremely chiseled and focused fruit. The cool growing season results in bright aromas of dark berry, spice, licorice and campfire ash. There is a tangy element, too, with grilled herb and rosemary essence. This full-bodied wine is robust and amply structured at the back. This vintage is superior to 2015 in terms of linearity and sharpness. The 2016 vintage should enjoy an exceptionally long period of bottle evolution and aging." - Robert Parker's The Wine Advocate, Nov/2018

2013 ~ 92 Points. "Harmonious and medium- to full-bodied, with a fresh tang of smoky minerality underscoring the crushed mulberry and black raspberry fruit flavors. Subtle accents of Earl Grey tea and licorice linger on the firm, focused finish. Drink now through 2028. 50 cases imported." - Wine Spectator, Sept/2018

OTHER INFO

Dedicated to the memory of the founding grandfather, this wine represents the symbol, the history, the roots and the continuity of the family and the vulture territory. The vineyards are small and very old, on the territory of barile, located at 600m. above sea level, with naturally low yields (35-40 q/ha).
