OTHER INFO

Torrontes is the signature white wine from Argentina. It dates from the first vineyards planted in the early 1800's. Its origin has been the subject of much speculation for the last 100 years. One prevailing theory suggested it was a raisin variety brought by the Spanish Conquistadors, but in 2004 an Argentine graduate student determined through DNA analysis that it is a cross between the Mission wine grapes of Galicia, Spain and Muscat of Alexandria. Today, the variety enjoys high popularity with viticulturists, wineries and consumers in Argentina and is beginning to be exported internationally, with good reason. Vegan.
