AWARDS & ACCOLADES

2023 ~ 93 Points. SILVER "Engaging floral character with lots of spice, pink and black peppercorn and hints of tobacco. Vibrant, with a smoky finish." - Decanter World Wine Awards 2025

2023 ~ 90 Points. "The 2023 Carménère TH Peumo comes from Las Cabras near the coastal range. Perfumed and expressive, it features blackberry and subtle ash notes. This is juicy and slightly indulgent, which is typical for Carménère from the area, with plush texture and ripe fruit. The 2023 is a delicious crowd pleaser." - Joaquín Hidalgo - Antonio Galloni's Vinous, Jun/2025

OTHER INFO

The grapes come from a specially chosen vineyard in Peumo, on the western side of the Cachapoal Valley, as area known for producing the best Carmenere wines in Chile. The Peumo area in particular enjoys a climate that is quite apt for Carmenere. Its latitude ensures high temperatures throughout much of the grape ripening period but its proximity to the coast also exerts a mild influence, with soft breezes on summer afternoons that enable the grapes to better conserve their acidity, resulting in a wine with fresher flavours and aromas.
